

The Future of Kanchi Sankaracharya

An Astrological Analysis

by

K Suresh

M.Com, ACA, ACS, AICWA, PGDFTM, DHA-Astrology

Learning: The Veda(s)

We all know that His Holiness Sri Kanchi Swamiji was arrested on 11th November 2004 near Hyderabad (Mehabub Nagar) and put in Vellur Jail on 12th. The Star at that time was Swati (belongs to Raahu)

Analysis of Birth Chart:

H.H was born on 18th July 1935 at Irulneeki (near Tanjavore) in Tamil Nadu. His birth star is Avittam (Danishta), Kumbha Raasi (Aquarius). The Birth Chart indicates, Guru Chandra Yoga, due to the aspect of Guru and Moon. The Saturn (Sani) is in own sign, Saturn and Venus (Sukra) have 180 degree aspect (Samasaptama), which indicate connection between Lord of Lagna and the Lord of 9th. Venus being the Yoga-Karaka, receives the energy of Lord of Lagna. Further, 5th place (Poorva Punya) also receives energy from Guru (Jupiter), since Guru is in 9th place.

			Mercury Ketu
Moon Sani Lagna	Birth Chart		Sun
	18th July 1935		Venus
Raahu		Mars Jupiter	

Presently, H.H is running Budha Dasa, Saturn Bhukti from December 2002 until August 2005, which is the last Bhukti of Budha. Further division of dasa bhukti indicates, (i) Budha Dasa, Saturn Bhukti, Raahu Antaram from Nov 5th to April 1st 2005, (ii) Budha Dasa, Saturn Bhukti, Raahu Antaram and Raahu Antarantaram from Nov 5 to Nov 27. Please note he was arrested in the star of Swati belongs to Raahu. Raahu is in 11th place, which indicates Labha (Profit). The Budha Dasa is 5th Dasa (Pratyak Taara), which is not very good because, Budha is the ruler of 5th and 8th Houses. Out of 17 years of Budha Dasa, 2nd half of Dasa will not be good, since he indicates 8th Bhava also. Kindly note Raahu, which is in 11th, which plays a vital role in his career (Antar Dasa)

Hence, we can say, based on the birth chart, (i) the position at the time of birth is very good, (ii) the present Dasa Bhukti is not very congenial or favourable to him.

Time of Sanyasa: Mahaswamijal initiated and made him into Sanyasa on March 22, 1954 and was declared as successor Acharya and given the Sanyasa name Sri Jayendra Saraswati Sri Pada. The Chart at that time is as follows:

Sun Venus		Jupiter Lagna	Ketu
Mercury	Sanyasa		
	22nd March 1954		
Raahu	Mars	Moon Sani	

The Star was Swati (belongs to Raahu). Again Combination of Saturn and Moon in Thula Raasi. Saturn is exalted. Mars in Vrchika (own sign), again Raahu in the same place as in Natal Chart (in Dhanus). Venus (Sukra) is exalted in Meena who is yoga karaka for him. Again, for Thula Raasi, the Raja yoga karaka is Saturn, who is exalted. Guru in Rishabha always gives benefic results, because it is in Guru Valayam (Circuit). Needless to say, the person will be very popular with masses, when Saturn is good. Nevertheless, for him, it is very good, being Yoga Karaka and also exalted. Hence, he becomes very popular religious(!) leader. Usually it is very much with Political leader who usually be in touch with masses and to run his life with the help of masses. Here again Raahu being in 3rd place from Moon, becomes very auspicious and Star belongs to Raahu. Sani aspect Raahu by its 3rd aspect and is in Swati star itself which belongs to Raahu.

Day of Arrest and the Transit:

When he was arrested on 11th November 2004 (Diwali day) again the star is Swati (belongs to Raahu), and Raahu is in Mesha, which is very good. Venus is in 12th and Depleted along with Guru. Saturn in 10th from the Moon. Thula is with four planets (Sun, Moon, Mars and Ketu). Aspect of Sani to Guru & Venus by its 3rd aspect, and again to Raahu by its 10th aspect.

	Raahu		
	Arrest		Lagna Sani
	11th Nov 2004		
Mercury		Sun Moon Mars Ketu	Jupiter Venus

Out of the above Planets, Budha, Sukra, Sani and Raahu are favourable but not others. Our focus here is more on Raahu, Guru and Sani. Though Sani is in favourable 6th, he becomes Vakra (Retrograde) w.e.f. 23rd November 2004 and Guru is in inimical position 8th. As per Natal Chart, Sani is in the lord of Lagna/Raasi and 12th house. Guru is Lord of 2nd and 11th. Further, Sani is in 6th from Natal Sani and Guru is in 12th from Natal Guru, which gives the mixed results.

The Transit (Kochara):

Guru in 8th from the Moon indicates, destruction of wealth, go out from house or country, loss of position, name & fame, loss of fame due to connection with inimical people, health problem, accident, spending on court cases, prison life, unbearable mana kashtam (emotional feeling) similar to death, unfavourable condition for all actions, anger from government, more restriction in the movement etc. Though Guru is in 8th he is in the star of Hastam (belongs to Moon) indicates parama Maitra Tara (which is neutral)

1. **Sani** in 6th indicates, gain of wealth, Satru Nasa (win over enemies) gain of position, name & fame, relief from illness & disease, and becomes Raja Yoga. The native will all positive results from enemies.
2. **Raahu** in 3rd indicates, all favourable results, like gain from all sources, Mano Dhairya (will power), new position etc.
3. **Ketu** in 9th indicates, loss of name & fame, becomes victim in other role, cheating by others, court cases against the native, but native will come out of these cases with great victory. The native will get Gyana (purest knowledge) and clarity emerges.
4. **Sun** is in the unfavourable position upto Nov 14, and becomes favourable throughout.
5. **Mars** (Kuja) is in unfavourable throughout.
6. **Budha** is favourable throughout.
7. **Sukra** (Venus) is favourable upto December 10th.

Vedai & Tara :

The positions of all planets in transit are also subject to Vedai. That means, the performance of Guru, Sani etc are determined by the position of other planets. We will put all the planets position from 10th November to 6th January 2005 and analyse.

When the Vedai is favourable, we will assign 2, adverse -2, and neutral, it may be 1. (Since Moon is very fast moving planets, to reduce the complication, we may treat neutral in all cases)

When Kochara (transit) is favourable, we will give weightage of 1, when adverse, then -1. When the Star Tara is favourable, we will assign the weightage of 1, adverse -1.

Hence, due to Vipareeta Vedai, Guru (though in 8th) will give very good result. By going through the news and media, though Sun is in favourable position at present, with no effect due to vedai upto Dec 14th, but becomes adverse due to Raahu in future. Since this arrest and

other action were due to the influence of Raahu mainly, by afflicting Sun by his position in Vedai, he will relieve him after that. There is no other adverse effect, we could see the table given.

Ashta Vargha :

The strength of the planets are determined by their Bindu contribution in the Natal Chart. Since Raahu and Ketu gives results similar to Sani and Mars, we will attribute same ashtavarga Bindu to them. We can attribute their strength in the Kochara (Transit) to predict accurately.

The attached statement shows, daily position based on the above parameters to analyse the relative and collective strength. The maximum benefits comes out from 15th December onwards, which are highlighted.

Conclusion:

1. As per the natal chart, Ketu Dasa starts from Aug 11, 2005 for 7 years. Ketu receives the aspect of Guru also. By that time, Guru will transit to Thula and joins Janma Guru. Sani will be in Kataka (Cancer) with full strength because of Kendra position from Guru. His fame will reach a new height by then.
2. H.H has to do a lot to the common man, which is in store, in Ketu Dasa. Ketu is a Moksha Karaka, that too in 5th (Poorva punya stana). The present position of Seer is only to elevate him to the new height, which is very well understood even at the time of arrest.
3. The position of Saturn in Natal Chart, during Sanyasa and during arrest is very favourable and strong. This indicates, his nearness to the common man and masses. This makes him very popular and that too, with the help of foes. (since Saturn is in 6th from natal moon, which is for foes)
4. Raahu behaves like Sani. This arrest has happened during the Raahu antara and Sani Bhukti, which is from Nov 5th 2004 to April 1, 2005. Again Raahu will play main role in making him more popular and nearer to the people.
5. When we carefully look into the transit, all fast moving planets are moving towards 11th position from the natal moon from December 15th onwards. (especially Sun, Bhuda, Sukra and Mars) which indicates he will be very popular in good means to even unknown people by that time.
6. Since Transit of Guru is in inimical position, some sector of the people, may not accept his entering the prison, arrest etc, but will get their acceptance also, after the transit of Guru during September 2005.
7. H.H will come out from the prison before 15th/16th December (when Raahu affects Sun due to Vedai) and will get positive judgment from 14th January 2005 onwards. We cannot rule out, his entrance in political life thereafter, more vigourously from August 2005 onwards, because of Dasa Bhukti (Ketu) and position of Sani (6th from natal raasi) and transit of Guru to Thula Raasi (9th from natal raasi), which indicate

luck through foes. No doubt, this will result in global fame, power and intimacy towards him.

8. We have to understand and learn lesson from Itihasa Purana and Veda that, sometime God, King, Raja Guru may have to go out of their place/ kingdom due to the influence of planets but later, they attain the name & fame, their position, power and very long life with peace of mind, which is going to happen and we will be the witnesses and spectators.
9. If at all, we want to contribute to H.H at this juncture, we may pray Goddess Durga Devi during Raahu Kala at any day, which will have direct impact to Raahu, and will help him in many ways. What else we (as an individual who believes in Sathya and Dharma), can do?

Om Tatsat

Date: 28th November 2004.

How to use the table:

1. Each Planets Transit result (Kochara), Tara based on Star of the planets in transit, its resultant ashtavarga based on natal chart, Vedai for that planets due to other planets position is given.
2. Total of each planet are multiplication of Transit, Tara, Vedai with Ashtavarga.
3. Total-1, is a mere summation of respective transit, Tara, Ashtavarga and Vedai of all planets indicated above.
4. Total-2, indicates, the multiplication of Transit (of all planets), Tara(of all planets) and Vedai (of all planets) with same Ashtavarga (sum of all planets) as indicated in Total-1, to get the real strength of the planets on that day.

Effect of Transit of all planets Nov 10th 6th Jan 2005
